• Chem 325: Inorganic Chemistry (Cooley)

This text addresses the chemistry of the main group elements and an introduction to transition metal chemistry.

◦ Front Matter
◦ 1: Atoms
◦ 2: Molecules
◦ 3: Molecular Symmetry
◦ 4: Acids, Bases, and Ions in Aqueous Solution
◦ 5: d-Block Metal Chemistry- General Considerations
◦ 6: d-Block Metal Chemistry- Coordination Compounds
◦ Back Matter
