These texts provide an introduction to chemistry for those students with little or no high school chemistry. Students will be introduced to concepts fundamental to studying matter at the molecular level.

- Beginning Chemistry (Ball)
- Map: Introductory Chemistry (Tro)
- Book: Introductory Chemistry (CK-12)
- Book: Introductory Chemistry Online! (Young)
• Book: Chemistry for Allied Health (Soult)

• Map: Fundamentals of General Organic and Biological Chemistry (McMurry et al.)

• Book: Chemistry and Global Awareness (Gordon)
• Map: Introductory Chemistry (Corwin)

• Exercises: General, Organic, and Biological Chemistry
